#### Blistering Attack From the Air And Artillery Barrage Halt Enemy Assault Near Wonju

Tokyo, Jan. 12.—(P)—Blistering Allied air strikes and artillery barrages crumpled a Red Korean attack near Wonju today. But another Communist force striking 30 miles behind this Allied position threatened the entire United Nations stand in central Korea.

The deep-striking Red column skirted the American-French-Dutch line in the Wonju area. It fought several sharp clashes with Allied patrols on the approaches to Tanyang, 37 miles southeast of Wonju.

The flanking Reds set up a roadblock, mined a vital supply highway and poured a hail of small arms fire into an Allied force sent out to clear the route.

Two North Korean divisions—the Sixth and 10th—were ramming a deep wedge into the U. N. positions in central Korea. Possibly 20,000 Communist troops were in this force which was threatening the supply and withdrawal routes of the U. S. Second Division and its French and Dutch supporting units making a fighting stand just south of Wonju.

The immediate peril in the Wonju area eased as daylong Allied air strikes and artillery barrages routed two Red Korean regiments which had seized a commanding height Thursday night.

This force, striking from the northeast, had cut across the Wonju-Chechon road, occupied the dominant hill and slammed a withering fire into the Allies' horse-shoe-shaped perimeter just south of Wonju.

The fighting raged in foot-deep snow and bitter cold. Allied planes including the big B-29 Superforts rarely used on tactical missions sowed heavy explosives and fragmentation bombs, machinegun fire and jellied gasoline into the Red positions.

Navy pilots from the carrier Philippine Sea seared the half-mile ridge with napalm firebombs. They killed an estimated 450 Reds. "They were trying to make an advance and we caught them," said Lt. (JG) Don Loranger, Hanford, Calif.

Second Division artillery slammed a rain of steel at the Reds. Field dispatches said the air-artillery pounding wiped out part of Wonju.

The Communists broke and fled into the northern hills at dusk. Allied troops then reoccupied the dominant height southeast of Wonju.

Allied cargo planes Thursday dropped 215 tons of food, ammunition, medical supplies and clothing to the central Korea defenders.

Other Red forces were dug in south of Wonju.

But brisk fighting swirled in the Tanyang area, far behind this exposed Allied position. Tanyang is a rail and road center south of the Han river at its southernmost bend. It is astride one withdrawal route for the Second Division lead.

#### New Boy Scout Commissioner

C. C. Winans, (above) district manager of the Mutual Life Insurance Co., and a veteran Boy Scout leader, has been named Scout Commissioner for the Warren County Scout Council.

The appointment of Winans to succeed C. A. Babcock, who has held the post for two years, was announced by Scout Executive Rut Sanford at the Council's monthly round table session for Scout Leaders and committeemen held last night at the Warren County Dairy Association building.

A native of Crawford county, Winans attended Allegheny College, getting his B. S. degree in 1927. Since 1938, he has served in the Warren County Scout Council as a troop committeeman, a member of the Council Executive Board, and as chairman of the council's organization and extension committee.

The Round Table session program was divided into three parts, with Frank Seely having charge of Cub Work, Clayton Bannan handling the program for Boy Scout Leaders and Don Lauffer directing Explorer activities.

The Cub Pack 2 committee demonstrated a planning session for the Cub's Blue and Gold dinner for Boy Scout Week, while Holy Redeemer Troop 10, with Frank Fago as Scoutmaster, demonstrated a Tenderfoot Scout investiture ceremony. Ray Lewis also demonstrated various types of bird feeders.

Procedures for an advanced board of review also were outlined for the Explorers.

#### GEN. IKE AND STAFF ARE IN OSLO, NORWAY

Oslo, Norway, Jan. 12.—(P)—Gen. Dwight D. Eisenhower came to Norway today on his morale-building and fact-finding tour of Atlantic pact capitals.

He and his staff landed at Gardermoen Airport, 37 miles north of Oslo, in the late afternoon.

Norway is the fifth country he has visited on his 12-nation circuit. Previously he had conferred with highest officials in France, Belgium, The Netherlands and Denmark.

Gen. Eisenhower came here by air from Copenhagen, Denmark, where Adm. E. J. C. Qvistgaard, Danish defense chief, announced that the Danish force of 1,000 men now on occupation duty in Germany would be handed over to the Eisenhower command.

#### EMBEZZLER SEEKS A PAROLE TO AID KIN

Pittsburgh, Jan. 12.—(P)—A bank teller who embezzled \$1,100 has asked parole after serving half of his four-month term.

He is Carl Robert Mull, former teller in the Union National Bank at McKeesport.

Mull's petition said his wife, mother and two small daughters are without support.

Federal District Judge Nelson McVicar will grant a hearing Monday. Mull has been in the Federal Correctional Institution at Ashland, Ky., since November.

#### Husband Of Local Girl Scout Head Is Missing In Action

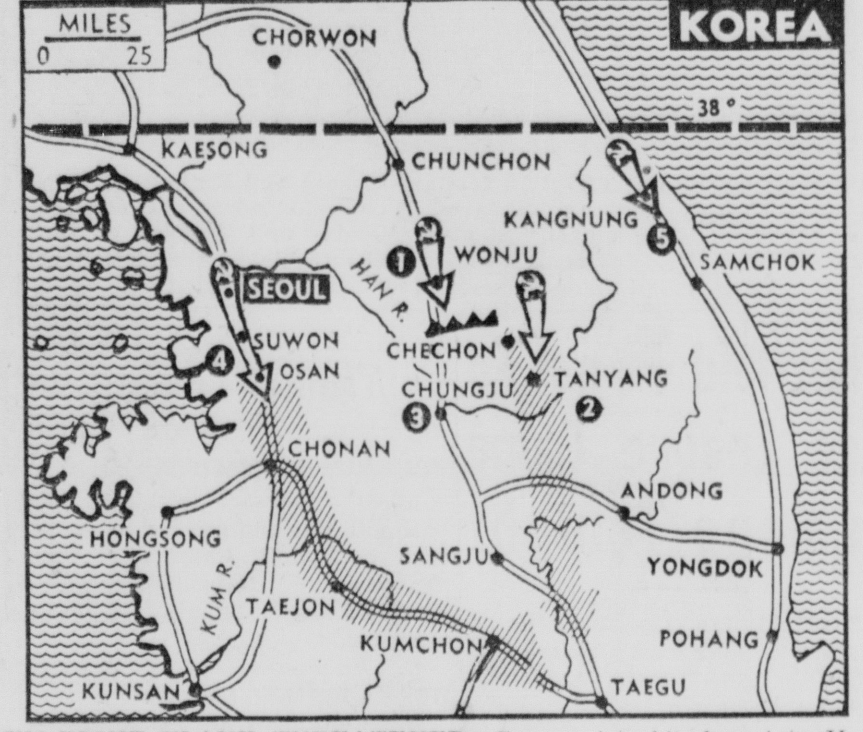

Mrs. James M. Conner, executive director of Warren County Girl Scout Council and resident of Jackson Run road, has received a telegram from Department of Defense officials confirming earlier rumors that her husband, Chaplain Conner, has been missing in action since December 1, 1950.

In Japan since December 18, 1949, the Rev. Conner went into the Korean campaign early in June, 1950, and has been serving as a chaplain with the Seventh Army. The last definite news received from him was at the time of the Seventh Army's retreat through Pyongyang.

A former rector of Emmanuel Episcopal church in Corry, 1941-42, Chaplain Conner was united in marriage with Bernice Gillette, daughter of Dr. and Mrs. Troy Gillette, that city, and went from there to Shepherdstown, W. Va., and later to Puerto Rico. He was serving as a missionary in that country when his summons came for duty with the Army.

Additional confirmation of the Army report has been had by Mrs. Conner from both the American Red Cross and the presiding Episcopal bishop in New York City.

Other missing in action reports confirmed by the Department of (Turn to Page Eleven)

UN RIGHT FLANK THREATENED—Communists bit deep into U. S. 8th Army's eastern flank in end run around UN defense line (jagged symbol) below Wonju (1) and drove to a point about six miles north of Tanyang (2). Thrust threatened to flank Chungju (3) and was aimed across escape highways from western Korea to old Pusan beachhead. On western front, Allied and Red patrols clashed four miles south of Osan (4) as Chinese continued to mass troops in that area. North Koreans claimed capture of Kangnung (5) on east coast.

#### End Of Bi-Partisan Policy Is Seen In Truman Stand on Sending Troops Abroad

Washington, Jan. 12.—(P)—President Truman's assertion he will consult congress in sending U. S. troops to Europe—but won't be bound by it—was labelled by Senator Taft (R-Ohio) today as "the end of the bipartisan foreign policy."

At the same time, Senator Wherry (R-Neb) challenged Mr. Truman's indirect claim that the American people will back substantial use of U. S. troops to bolster western Europe's defenses against attack.

The president told his news conference yesterday he has authority to send more foot soldiers to Europe and intends to use it. But he will consult with congressional foreign relations and armed services leaders as a matter of politeness before he does it, he added.

He said that, as commander in chief, he isn't bound by any decision congress makes unless it restricts the number of troops by limiting appropriations.

And if the lawmakers want to go to the country with that kind of a restriction, he declared, he is willing.

He licked 'em once before, the president said in an obvious reference to his attacks on the Republican 80th Congress in the 1948 presidential campaign.

Taft told a reporter he thinks the only practical limitation on the president's authority may be in such appropriations restrictions.

But Taft said the president's insistence on his right to send troops to Europe without prior congressional approval of the policy and what Taft called Mr. Truman's bypassing of elected Republican leaders in his consultations "brings an end to the bipartisan foreign policy."

Mr. Truman also told his news conference that Gen. Douglas MacArthur, contrary to some published reports, has not recommended that United Nations forces be withdrawn from Korea. And he denied a Tokyo report that the U. N. Commander had been "muzzled" by Washington to prevent his speaking publicly about Korea.

The president said he always has and will continue to consult with members of the foreign relations and armed services committees.

#### Drive Speeded For A Vote On Final Peace Bid To China

Lake Success, Jan. 12.—(P)—The United Nations drove toward a vote today on a final peace bid to Communist China, offering a political conference on Far Eastern problems in return for a cease-fire in Korea.

The United States accepted the plan. Russia, in what seemed to be a stall for time, expressed coolness toward it.

Non-Communist spokesmen made it plain that if Peiping rejects this offer, the Reds can expect no further overtures and the war will go on.

Diplomats here held little hope that China's Communists would agree to the proposals. They felt, however, the effort was worthwhile if only as a demonstration that the U. N. had explored the last possible avenue to peace.

The five-point plan, drafted by cease-fire commission members Nasrollah Entezam of Iran, Sir Benegal N. Rau of India and Canada's Lester B. Pearson, will be put before the 60-nation political (Turn to Page Eleven)

#### Lending And Spending Total Of \$140,000,000,000 For The Fiscal Year Truman Program

Washington, Jan. 12.—(P)—President Truman today called on congress to boost taxes this session by "very much more" than the \$8,000,000,000 combined total of the last two increases.

The president, in his annual economic message, notified the lawmakers that the nation's security will demand lending and spending authority totalling \$140,000,000,000 for this fiscal year and next. The present fiscal year runs out next July 1.

As he set it out, this total would be for actual military and foreign aid spending plus contracting, lending and loan guaranteeing authority for national security purposes.

Other government expenses would be in addition to this.

Mr. Truman said workers must accept wage restraints and businessmen must accept lower profits—that no one should seek to hike his income to escape his share of the higher tax burden.

He told the legislators, too, that 1,000,000 more men and women may be added to the armed forces within a few months. The military manpower goal has been a force of 3,200,000 by June 30, but only today this figure was raised to 3,462,205.

Congress voted a \$4,700,000,000 increase in individual and corporation taxes last fall. In December, it passed a bill to get \$3,300,000,000 more from corporations through an "excess profits" tax and an increase in existing taxes.

Mr. Truman used no specific figure for his new tax proposals but said the total should exceed the combined total of these two bills.

Mr. Truman said it should be the first principle of policy to "maintain a balanced budget, and to finance the cost of national defense on a 'pay-as-we-go' basis."

He added: "Corporations should pay much higher taxes. Individuals should pay much higher taxes. Excise taxes should be higher and more extensive."

Mr. Truman said new tax proposals soon will be submitted to congress carrying these recommendations as well as recommendations for closing "many loopholes" in present tax laws.

The president also informed congress that staffs are being rapidly gathered to apply "broader controls" over prices and wages. "In the case of prices," he said, "the general policy must be to hold the price line with utmost vigor."

Laying great stress on the inflationary hazards, the president called for "board extension" of price and wage controls "to hold the anti-inflation line for the duration of the emergency."

#### Officials Of Rotary Baffled By Decree Issued By Vatican

Chicago, Jan. 12.—(P)—Rotary International officials and some Catholic clergymen were baffled today by a decree of Pope Pius XII forbidding all Roman Catholic clergymen from membership in rotary clubs.

A former president of Rotary International said he was "amazed at the action of the sacred congregation of the holy office of the Vatican City which is headed by Pope Pius. The decree also warned Catholic laymen to follow the Canon Law in regard to membership in Rotary Clubs. The reasons were not given."

"We can't figure this one out," said a spokesman at headquarters of Rotary International.

He added the organization, which has 344,000 members in 7,200 clubs around the globe, had never had any "trouble with the church that I can remember."

In a statement issued over the signature of Rotary's president, Arthur Laguerre, of Quebec, Canada, who is a Roman Catholic, it was emphasized that the organization is "not secret," nor does it seek to supplant or interfere with any religious or political organization.

The decree was published by the Vatican's newspaper, L'Osservatore Romano.

The decree advised Catholic laymen to follow Canon Law regarding membership in certain secret organizations.

Bishop John F. Noll, in Fort Wayne, Ind., said he felt certain the Vatican had been misinformed about Rotary clubs in the United States. He said he believed the Vatican would withdraw its ban (Turn to Page Eleven)

#### Frostbites Received in Korea Cause Boy to Lose Feet and Parts of Hands

Battle Creek, Mich., Jan. 12.—(P)—The price comes high for (P). The price comes high for Pvt. Hubert Reeves' bitter Korean war experience. He'll lose both feet and parts of both hands. Percy Jones Army Hospital here scheduled the amputations to start today.

Frostbite blackened the 19-year-old Joliet, Ill., GI's hands and feet one frigid Korean night as he lay wounded after an attack by the Chinese Reds.

Brought to the hospital here, he was in agonizing pain for long days while doctors waited to see how much amputation would be necessary.

#### Driver Of Bus Has His Nose Broken Byirate Motorist

An automobile-bus accident, which occurred on Pennsylvania avenue, west, near the G. G. Greene plant about 6:45 o'clock this morning, resulted in emergency treatment at Warren General Hospital for Kenneth Fox, 39 Main avenue, operator of the Warren City Lines bus, after it is alleged, he was struck on the nose by the driver of the car, Peter Mangini, of Frank street.

Damage to the vehicle involved was minor, police said.

The bus, which had stopped near the plant, was reported to have been struck on the side by the Mangini car, maneuvering in the G. G. Greene parking lot. When Fox got out of the bus to examine the damage, an argument ensued and the alleged assault followed.

Examination at the hospital revealed that the bones in the nose of Fox were shattered, both eyes lacerated and he was suffering from a concussion.

Officials were conferring this afternoon after which it was to be decided what charges, if any, could be preferred.

City police also investigated no other motor vehicle accidents yesterday afternoon and evening which property damage was estimated at upwards of \$450. No one was injured.

At 4:49 p. m. yesterday, cars operated by J. E. F. Grotzinger, Sixth avenue; Alexander Ritchie, Jr., Russell RD 2; and Louis Maghan, 504 Mulberry street; collided at Fifth and Liberty. Also (Turn to Page Eleven)

#### Pearson Letter Is Being Investigated

Washington, Jan. 12.—(P)—The army said today the Drew Pearson column of Dec. 30 contained "quoted excerpts from classified (secret) messages," and an investigation is being made.

In a letter to Senator McCarthy (R-Wis.), Secretary of the Army also said the matter is being submitted to the judge advocate general of the Army. The judge advocate general is the Army's top legal officer.

Pace made the letter public. It was in response to a demand from McCarthy to know whether material in the Pearson column was in fact quoted from secret messages as Pearson said. McCarthy said in a senate speech last week that Pearson had quoted secret messages he had given aid to foreign countries in efforts to break U. S. codes.

Pearson replied in a statement at the time that he had been told "The Pentagon" that it was all right for him to use the messages he changed dates and altered a few words.

#### 13-Year-Old Girl Makes Boys Take Back Seat In Champion Livestock Competition

Harrisburg, Jan. 12.—(P)—A 13-year-old farm girl made the boys take a back seat in grand champion livestock competition at the state farm show.

Mary Jean Graybill, of Manheim, R.D. 1, walked off yesterday with the two top 4-H awards of the show—the grand champion baby beef prize and the grand champion pen of lambs.

The Lancaster county seventh grade student, who weighs only 93 pounds, won the coveted baby beef prize with her 1140-pound Aberdeen-Angus steer, named "Pepper."

But, despite her triumph, Mary Jean was feeling a little sad today. For today is the parting of the ways for her and "Pepper."

The champion steer goes on the show auction block along with some 124 other 4-H animals.

The five-day exposition winds up today with every indication of chalking up a new all-time high attendance record.

A total of 531,000 persons jammed the big 13-acre Farm Show building during the first four days. Only 49,000 visitors are needed today to equal the record attendance of 580,000 set in 1949.

The big exposition began to take (Turn to Page Eleven)

#### Fine May Complete Cabinet This Week

Philadelphia, Jan. 12.—(P)—Governor-Elect John S. Fine says he hopes to complete his cabinet by the week-end.

He came to Philadelphia from Harrisburg yesterday for a series of conferences with GOP colleagues looking toward the rounding out of his official family.

Seven appointments still are to be made—an attorney general, and secretaries of mines, health, banking, property and supplies, labor and industry and of the commonwealth.

Yesterday Fine called on two members of Governor James H. Duff's cabinet to serve in his own. They are M. F. Draemel, forests and waters secretary, and Artemas C. Leslie, insurance commissioner.

Both immediately accepted and will renew terms after Fine is inaugurated next Tuesday, subject to confirmation by the senate.

Whether the governor-elect will have difficulty winning senate approval of any of his appointees is a matter of wide speculation here and in Harrisburg.

#### Executive States Comparisons Show Economy Is Sound

Washington, Jan. 12.—(P)—President Truman offered some comparisons today to bolster his assertion that the American economy is thoroughly sound and capable of growing even stronger.

He said in his economic message that:

The total output of goods and services is now running at an annual rate more than 10 per cent above the average for 1949. There were more people in civilian jobs at the peak of 1950 employment than ever before.

4. By the end of this year, Americans "can and should" achieve an annual rate of total output more than 7 per cent above the current level. They must work to (Turn to Page Eleven)

Readying Campaign

Dr. Eugene Golay, Nashville, Tenn., member of the general board of evangelism of the Methodist denomination, has a prominent part in setting up the machinery for the Evangelistic Advance Crusade to be carried on throughout the Erie Conference February 2-11. In the special meeting of Conference leaders held in First church, Titusville, Dr. Golay briefed the campaign committees, who, in turn, carry the information and instructions to the districts and local churches.

Dr. Thomas E. Colley, Erie, a former Warren pastor and brother of Dr. Arthur Colley, is executive of the movement and Bishop Lloyd C. Wicke, Pittsburgh, is general chairman.

Included in the program will be

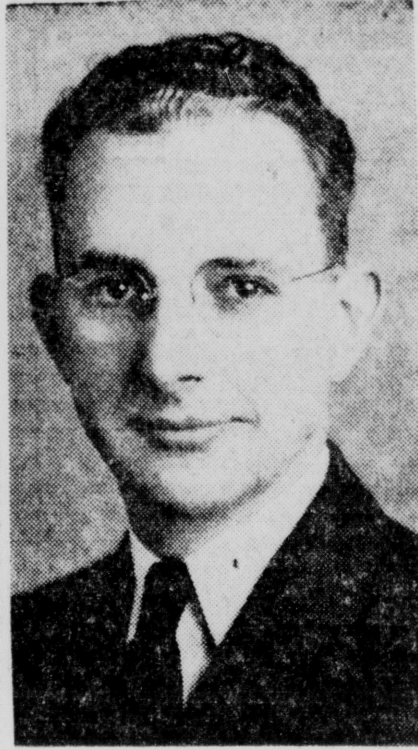

Daughter Agrees That "Mother Knows Best"

Folks in the city and in the country often disagree on many things, but they all nod their heads in agreement when they hear the familiar quotation, "Mother knows best." Mothers seem to have a way of knowing what is best for their sons and daughters.

For example, Mrs. R. H. Holder, 221 Columbus, Montgomery, Ala., certainly agrees with this, for at one time Mrs. Holder was nervous and run-down—she felt miserable. Her mother recommended that she take HADACOL and now Mrs. Holder says, "Today, I feel wonderful, just wonderful, and I owe it to HADACOL." Mrs. Holder was suffering a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Mrs. Holder says: "I was nervous and run-down and I had lost weight and had no appetite—food just didn't interest me. I had aches and pains. I felt miserable. My mother started taking HADACOL and it did her so much good that I decided to give it a try. After the first bottle I noticed an improvement. After the second bottle I felt better. I have now taken 6 bottles and feel grand. I am no longer nervous or run-down. I have loads of energy. I have a big appetite and have regained the weight I had lost. No more aches or pains, either. Today I feel wonderful, just wonderful, and I owe it to HADACOL for it has done so much for me. I just can't praise it enough." adv.

four district schools of evangelism for the 200 participating pastors and some 225 guest preachers who will be assisting. Schools, to be held in Meadville, Jamestown, Grove City and Brookville, will train these pastors in the modern technique of visitation evangelism and preaching.

A second feature of the movement will be two great youth rallies to be held Sunday, February 4, meeting simultaneously at Oil City and Jamestown at 3:30 p. m. The crusade will reach its climax Sunday, February 11, when four victory mass meetings will be held, one in each district. Large massed choirs, assembled from churches of the district, will be featured in each of these services.

The Changing Landscapes

HAROLD W. GEIGER

Hello, folks. More cold weather and snow have put us right back into the winter season again.

A number of conservation farmers who have completed making their farm plans have requested the help of a farm forester to prepare their woodlot management plans and, in some cases, to do some tree marking for harvest. The Pennsylvania Department of Forests and Waters, cooperating with the local Warren County Soil Conservation District, has been carrying out their part of the program to the best of their abilities.

However, due to a shortage of help, the Department has not been able to keep up with the demand for their assistance. A. H. "Tony" Vogler, District Forester, dropped in to see us the other day and we revised a long list of woodland owners setting them up on a priority basis. In this way the ones needing help right away will be taken care of as soon as possible.

Many Warren County farmers and agricultural men spent part of the past week at the annual Pennsylvania Farm Show at Harrisburg. The latest farm equipment and machinery was on display along with Pennsylvania's best in livestock and farm products of every description.

I hear that a group of farmers along the Yankeeish road north of Dunham's Corners are planning a get-together next Tuesday afternoon at Clarence York's place. Stanley Lawrence, Soil conservation District Director, plans to be there to tell the farmers about the conservation activities of the local District and he will have one of our Soil Conservation Service staff to explain the conservation surveys and the farm conservation plan. Should be a good place to raise those questions on conservation.

Some time ago I mentioned a news article which I had read concerning a cooperative agreement between the Penna. State College, the Penna. Soil Conservation Commission and the U. S. Soil Conservation Service and quoted part of the article. There have been a few inquiries for more information about this agreement. The rest of the article reads like this: "To assure harmony in subject matter advice to farmers, as well as administrative coordination of Conservation activities of the Extension Service and Soil Conservation Service, the agreement provides for the establishment of a State coordinating committee made up of Dean Lyman E. Jackson, of the School of Agriculture, and Director J. Martin Fry, of the Extension Service of the Pennsylvania State College and Ivan McKeever, State Conservationist of the Soil Conservation Service. . . .

"The agreement also provides for a local coordinating committee in each Soil Conservation District, the members being the County Extension representative and the District Soil Conservationist. . . .

"Both the State and Local coordinating groups will see to it that extension representatives have leadership in all Educational Activities in the field of conservation and that the Soil Conservation Service Personnel provides technical guidance to individual farmers in making conservation surveys, developing conservation plans, and installing conservation practices."

An up-to-the-minute lecture on world affairs will be presented next Wednesday, January 17th at the Women's Club when the Talk of the Month Club stages the second in this season's series of lectures. This lecture by Dr. Paul H. Giddens will be entitled, "Oil, Politics and Religion in the Middle East" and he will bring us up to date on America's critical problem in the Middle East, the world's richest potential supply of petroleum.

Dr. Giddens is an authority on oil and its economic and political significance, having specialized in this field since his college days. He had traveled extensively in South America and Europe in his

study of oil and is the author of a number of books on the subject. His great knowledge of the oil industry led to his appointment in 1942 as Curator of the Drake Well Memorial Museum.

Dr. Giddens has been a member of the faculty of Kansas University, Iowa State University, Oregon State College, and is now head of the History & Science Department of Allegheny College.

This Talk of the Month lecture will be held at the Women's Club next Wednesday at 8:30 sharp, and admission is by season ticket. Dr. Giddens will be introduced by Leroy Schneek of radio station WNAE.

## KEEP THE ENEMY GUESSING

It's regarded as virtually certain now that our forces in Korea will fall back to the old Pusan perimeter we held last summer. The big question mark then will be, of course, whether we can hang onto it this time.

The American people can't help but be confused by the various public statements their leaders have made long ago about Korea. In the field, Lt.-Gen. Ridgway told us not long ago that things were going fine (we were in full retreat). Secretary of Defense Marshall said the situation was "developing almost exactly as we anticipated."

Meantime, Senator Bridges, New Hampshire Republican, declared we ought either to get out of Korea or extend the fighting. Senator Taft seconded the motion on getting out.

What accounts for the confusion is that neither the lawmakers nor we citizens know what our military strategy for Korea is today—except that we clearly don't intend to put in enough strength to take back the whole peninsula from the overwhelming numbers of Chinese Reds swarming in.

But could we safely know at this stage?

Maybe our generals still think we can check the Communists in Korea and bleed them weak. Maybe they don't think that at all but have planned a retreat and evacuation from the start. Possibly we just stayed for the moral and psychological effect, so it couldn't be said we had let down the Koreans and Asiatics generally.

Does anyone really believe we ought to announce publicly which of these avenues we have chosen, or what our real strategy is? Quite plainly we would only be serving the Communists by doing so. Why help THEM just to satisfy our own curiosity?

In the middle of a war campaign, you simply don't go about discussing your plans in open debate. When withdrawals are made, the American people understandably want to know why. But in a war patience is a great necessity. They shall have to exhibit it at this moment. In time, the unfolding of U. S. strategy will make our course abundantly clear.

The enemy's uncertainty is a priceless advantage to us in any war. Being unsure, he has to plan for a variety of moves, disposing manpower and materials about in a costly and sometimes, fatal fashion. It's foolhardy to dispel his doubts on any count.

President Truman apparently forgot that basic military precept when he told newsmen the bombing of Red China is not under consideration. Reports from the Far East indicate the Reds have been moving factories and other installations well inland in fear of U. S. bombers. This takes men, materials and time.

Why give the Chinese comfort by saying they don't have to worry? The only effect can be to free those men and materials for a more concentrated effort against our soldiers in Korea, or perhaps against the French in Indo-China.

Let's stop thinking we have to know or broadcast the innermost secrets settled at our military council tables.

## CHOOSING A LIFE PARTNER

Rural and city folk have some different ideas when it comes to choosing a marriage partner.

Dr. William M. Smith, Jr., professor of family relationships at the Pennsylvania State College, reports that country boys consider being a good cook and housekeeper an important qualification for the girl they choose. Their city cousins, however, look for the congenial type of girl, the one who meets the approval of the boy's friends.

The survey, which was made among members of senior extension clubs in Pennsylvania, polled 1020 young people who represented various groups.

The young people polled also said they thought that girls are more practical than men when it comes to marriage in that they place a stronger emphasis on financial prospects, education, industry and family approval.

The most desirable characteristics, however, were generally the same for all groups, with good morals, love and affection, and dependability considered most important.

The reappointment of State Senator L. E. Chapman, of this city, as chairman of the important appropriations committee of the upper house, is a deserved recognition of the long experience and excellent record of the senator from this district, who enters upon his sixth term this year.

## Here And There

Some interesting information regarding telephone practices and subscribers is found in a copy of "The Telephone," published monthly from the Warren Telephone Exchange, during the year 1899, and mentioned in an article that was printed in the Times-Mirror January 13, 1931, as having been sent to Robert M. Brown, manager of the Warren offices of the Bell Company, by John M. Wright, of the Jamestown Telephone Corporation. It says:

"The Telephone," of which this copy is No. 3 of Vol. 1, is published by the Western District of the New York and Pennsylvania Telephone Company. It contains a complete list of the subscribers of Warren and surrounding towns and carries a considerable volume of advertising and much news regarding the telephone system then in use.

The directory, including Glade, contains an even hundred names, only 14 of which are still using the phone. They are as follows: American Express, Carver House,

Citizens National Bank, D.A.V. and P.R.R., Exchange Hotel, First National Bank, Mirror, Pennsylvania Gas Company, P. and E.R.R., Revere House, Richard B. Stewart, Struthers - Wells Company, Warren Savings Bank and Western Union.

The advertisers are: George P. Orr and company, Groceries and Crockery; The Torpedo Company, of Delaware, of which O. C. Allen and Company are the agents for this district; Oil Well Supply Company, with offices at Warren, Clarendon and Garfield; G. L. Lawrence, Electrician, who states that his electrical supplies of Call Bells, Door Bells, Servant Calls, and Annunciators, are of the best; J. H. Mead and Company, Merchant Tailors; Pils's Cure for Consumption; The Warren Mirror, E. Walker, Prop., who states that his newspaper is the best in Western Pennsylvania.

Among the news items are the following: "Please do not hammer a transmitter. While it may appear to benefit it for a time, it is really

a lasting injury." "Do not ask for hotels, or other public places, when you want individuals whom you think may be there. Give the operator at central the name of person you want, and if they are at any of the hotels or in town, they will get them for you. If not found, you will be notified." "If at any time a subscriber should require the services of the police, please communicate with Central, and every effort will be made to notify them promptly."

From the Mail Bag: "Here And There—Always enjoy unusual little tidbits in your column. Have sent you some myself but not for quite a while. Thought you might like to mention gift of \$100 (one hundred dollars) presented by Duane and Robert Wilder to Pleasant Township PTA as an aid toward the unit's goal of furnishing a school library. These National Forge executives have already made a generous donation toward the county Bookmobile that we hope to realize some time in the near future. Big fellows with their hearts attuned to the times and to the future generations.—M. C." (Thank you, and keep us in mind with future interesting items.)

This And That: Birthday greetings to Ernie Stein, who will be cutting a cake Sunday, and to Gurney Ball, Youngsville, and our old friend and fellow member of the craft, Clarence Mahood, both of whom will be blowing out the candles on Monday. . . . Up at Kane the Republican reports that a reader saw a woodchuck sitting in front of his hole one day this week. . . . And that reminds us the old reliable Ground Hog is scheduled to check his shadow three weeks from today. . . . That rain and sleet which fell last evening between four o'clock made the sidewalks and pavements just about as slippery as they have been at any time this season, but fortunately no serious accidents were reported. . . . Quite a bit of activity is noted around the Warren General Hospital where the contractor is busy doing the work preliminary to the erection of the new building. . . . The Pleasant Township Firemen scheduled to close up negotiations tonight to sponsor the appearance of the Carl Ferriss Shows on the south side lot on the week of May 27th. . . . Wetmore township (McKean county) school officials are advertising for bids to be opened February 15 for the construction, heating, ventilating, wiring and lighting of a one-story, four-room addition to the present Erickson building located on the West Wind Road.

A prayer for  
our Soldiers

BY MAJOR GENERAL ROY H. PARKER

Chief of Chaplains, United States Army

Almighty God, the Creator and Preserver of all mankind, we commend to Thy special care and keeping those serving in our Army. Though they be in the midst of dangers, do Thou send Thy guardian angels for their protection. Walk beside them as they go through the valley of the shadow of death.

Knowing that all good things come from Thee, grant them courage and loyalty, through a firm faith in freedom's cause, in the present conflict. When sacrifices are called for, let them be made in the knowledge that Thou art the rewarder of Thy servants. Enable them to live valiantly and serve nobly, in the full realization that no man liveth unto himself. Grant them clear minds, strong bodies, resolute wills, and pure hearts free from hatred and bitterness, renewing them each and every day with strength, like strong men of old, who against enthroned wrong stood with confidence and courage.

Awaken in them a lively faith that will keep them close to Thee. Enable them to rest their cause upon Thy Word that though the foe be strong, yet knowing the cause as they battle for the right, they can never fail. Fill their hearts with the assurance that with Thee nothing is impossible and that all things work together for good to them that love Thee.

If it be Thy will that injuries be sustained, let them experience the touch of Thy healing hand and do Thou bless the means and the ministries employed for the restoration of their health.

In these difficult times, when the forces of evil are running rampant and many hopes seem about to be crushed, fill their hearts with an abiding sense of Thy reality and the certainty of Thy continual presence. Enable them to look to Thee when loneliness and longing overtake them; fulfill their yearnings by granting them Thine own companionship and fellowship. Enable them to realize the full meaning of Thy promise, "Lo, I am with you always."

Thou who art the Protector and Helper as well as the Giver of victory, grant unto them every good gift of body and soul and unite us with them in faith and love unceasing. Amen.

## TO HAND YOUR MONEY

—because, when you pay the savings account teller, you are paying yourself! That's a glorious feeling these days, when it seems as though you're constantly dipping into your own pocket to line the other fellow's. Be good to yourself! Hand over part of your pay every week to the smiling teller. He'll keep it safe for you—with interest.

**Tips On Tuning**

Tony Fontaine

Tony Fontaine, tenor, already noted for his singing on Mutual's Sunday "Top Tunes With Trendler," is now launched on his Monday through Friday "Tony Fontaine and Co." series as he sings with the "Stardusters," bright instrumental group.

The sports picture is a little sparse this week. There is a broadcast tonight as the Dragons travel to Meadville for their only game of the week. Then they get another week off until a week from tonight when the Oil City Oilers will come to Warren. Both games will be broadcast on WNAE-FM. So if you can't get to the game to watch it, tune in on channel 221, 92.1 MGS., and hear the play by play account of the game.

A special program of particular interest to every Warren County resident will be heard Tuesday morning at 11 a. m. over WNAE. Chuck Tranter will interview Judge Allison D. Wade and Floyd W. Clinger on several matters relating to civilian defense. Judge Wade is the Warren county coordinator for civilian defense and

Mr. Clinger is his executive assistant. The Warren county defense organization is rapidly taking shape and there are many things that every resident should know about plans that are being made to safeguard this area in the event of enemy attack by either air or land. You are all urged to listen to this special broadcast.

National defense subjects get a particularly interesting and thorough airing each Monday night on WNAE-FM at 9:30 on "War Front—Home Front." This program gives two and three commentators in the United States the opportunity of talking directly to reporters and correspondents in Tokyo. The wonderful part of it is that you can sit at home and listen in on this six-way telephone conversation that goes around the world.

Other interesting bits of recorded one-the-scene news from Korea can be heard frequently in the "Mutual Newsreel" heard Monday through Friday on WNAE-FM at 7:45. Mutual reporters, using the handy little device called the "Minitape," cover all corners of the front to bring you the sounds of war as they really sound.

On this Sunday's "Orchestras of the World" series on WNAE, you'll hear the Danish Radio Symphony Orchestra conducted by Launy Grondahl. This is the second in this series of program recorded by the Economic Cooperation Administration to give the people of the United States a chance to hear many of these world famous orchestras that would not otherwise be heard. Three selections will be offered on this Sunday's program at 3 p. m. They are Erasmus Montanus Overture by Knudage Riisager, The Battle of Jericho by Sven Erik Tarp and Symphony No. 2 by Carl Nielsen. Frank Gervasi, well known columnist will have his brief comment on the progress being made by the Danes toward economic recovery.

### College Club Has Fine Program On Painting-Ceramics

The value of allowing children creative freedom in painting was stressed by Mrs. Norman Morgan in her talk, "Painting With Children," to the Warren Association of College Women Wednesday evening at the home of Miss Dorothy B. Newell, Second avenue.

Miss Dorothy Allen spoke on ceramics, showing a number of pieces made from poured and slab clay. She demonstrated the method of making ceramic flowers and explained the stages of producing a piece of pottery.

Mrs. Morgan, who teaches painting to the children at the Hoffman Home showed some of the work done there. She also displayed work from the North Warren painting class for children which she organized last fall and which is being conducted by the North Warren Homemakers Club.

These paintings showed how the personality of the child emerges from his work when freedom rather than rigid instruction in copying is allowed. Some of the paintings were, in the speaker's opinion, subjects for psychological study which would be helpful to the growth of the child.

This provocative talk on freedom in painting was followed by a discussion period which brought up the question of general acceptance of the method by parents and by public school teachers over more conventional methods of art education and art aims.

Refreshments were served by the committee headed by Mrs. James Cober. Mrs. J. R. Sugerman was chairman of the program.

### Charlotte Jones Is Guest For Parties

Miss Charlotte Jones, North Warren, who is to become the bride of Attorney W. Scott Calderwood on Saturday, January 20, has been honored guest for a number of shower parties and other functions.

Soon after the engagement was announced, Mr. and Mrs. Neal Johnson gave a dinner party at their home on Fourth avenue complimenting both young people.

On Tuesday of this week, Mrs. Harry Kopf, Jr., entertained 20 friends at her home on East street for a linen shower for the bride-elect, and on Thursday evening, Mrs. Andrew Brooks, North Warren, was hostess for a shower party.

At noon Saturday, Mrs. George Calderwood, will entertain 30 guests at a luncheon at the Woman's Club for her future daughter-in-law, and Sunday evening, Mrs. Charles Davis will be hostess for a buffet supper.

Concluding the round of functions, Mrs. Willis Lundahl, West Fifth avenue, will give an evening dessert-bridge and kitchen shower at her home next Tuesday evening.

### Southernaires Thrill Concert Audience For Jaycee - Sponsored Appearance

Warren concert-goers were treated to the third number in the Jaycee Music Series last night when they heard The Southernaires, famous negro quartet known from coast to coast for the past 20 years because of their weekly radio appearances. The group lived up in every way to its advance notices.

The quartet ran the gamut of vocal music—from simple melody to close harmony to moments of drama which had the audience breathless. Contemporary popular music was also included in the program, and the joint jumped with the rhythm of spirituals like "Ezekiel Saw the Wheel," "Joshua Fit the Battle of Jericho" and "Rock My Soul".

Four voices which blend more smoothly would be hard to find, and the quartet has the advantage of having one of the finest tenors ever heard here. Joseph Crawford possesses a clear effortless lyric tenor voice, and his ease in singing reminds one of Bing Crosby.

In addition, he was never once the slightest bit off pitch. Two dramatic highlights appeared in the program. The literary beauty and simplicity of Lincoln's Gettysburg Address was enhanced by the partial setting to music as it was given last night; and the scenes from the Weatherbeaten Whitewashed Church, trademark of The Southernaires through the years, were inspiring in their note of devotion.

The audience insisted on encores, and got five from the artists before the curtains were finally drawn. One must say a word about Spencer Odom, accompanist and arranger. His background was a perfect setting for the voices. A little inclined to inject a blue note now and then, it was not out of keeping with the spirit of his arrangements.

We are sure that the quartet would be welcomed to Warren again at any time.

### New Grace Church Parsonage To Be Dedicated

A lovely new colonial-style parsonage has just been completed by Grace Methodist church at 8 Prospect street and will be open for inspection from three until five o'clock Sunday afternoon.

The building, a seven room structure that is modern in every detail, was begun in July under the supervision of Ludwig Peterson, local contractor, with Beck and Tinkham, Jamestown, as architects.

Members and friends of the church are cordially invited to attend the Sunday afternoon open house.

The new parsonage will be formally dedicated by the pastor, Rev. C. W. Baldwin, in connection with the 11 a. m. Sunday worship service in Grace church, with Roy M. Krebs, president of the board of trustees, and members of the congregation participating in the Litany. At the conclusion of the dedicatory service, Alvin Albaugh will sing "Bless This House" by Brahe. The entire morning worship period will be broadcast over WNAE.

In addition to Mr. Krebs, members of the board of trustees who have helped direct this improvement program of the parish have been O. J. Groves, E. R. Boyd,

### Brotherhood Of St. Paul's Meets

The first meeting of St. Paul's Brotherhood for 1951 brought an earnest challenge message from Albert Mattison, of Falconer, N. Y., secretary of the New York Conference Brotherhood.

A bountiful tureen dinner was enjoyed previous to the meeting at which Hilmer Ross presided and conducted devotions.

Following the business session Mr. Mattison, in his message, "challenged the men and women present to awaken to their moral responsibility of being more active in church and community spiritual growth and improvement, a condition so seriously needed today, he said, and so often stressed by our national leaders, including President Truman, John Foster Dulles, and again this week by Gen. Eisenhower. It is hoped that every man and woman of our country will catch the zeal of our leaders in this moral need," the speaker said.

Hosts for the evening were Messrs Clemens Anderson, Hilmer Ross, O. B. Stromdahl and Minor Snarburg.

### CO. FIREMEN MEET IN SHEFFIELD HALL

Almost eighty members attended the January meeting of the Warren County Active Volunteer Firemen's Association held last evening in the firemen's new room in the Sheffield township building. #### LEARN TO SCORE 3-HAND GAME

By OSWALD JACOBY

#### Written for NEA Service

"We've had a difference of opinion about the best way of settling the score in a three-hand Canasta game," writes a Pittsburgh correspondent. "The other night we were playing at a neighbor's home and the game ended with the following score: Self, 5385; Wife, 3955; Neighbor, 2715.

"Who wins how many points?" There are two ways of scoring a three-hand game. The rule to be followed should really be agreed upon before the game begins.

Most players follow the rule that the high score wins from both opponents, and that the player in the middle wins from the low man. According to that practice, we would first reduce all scores to the nearest hundred and proceed thus: Self wins 1400 from Wife and 2700 from Neighbor; he therefore wins a total of 4100 points. Wife loses 1400 to Self but wins 1300 from Neighbor; so she loses 100 points net. Neighbor loses 2700 points to Self and 1300 points to Wife, so he loses a total of 4000 points.

The other method of scoring has one important point of difference. The player in the middle does not collect from the low man. If we followed this rule, Self wins the same amount; but Wife loses 1400 points, and Neighbor loses only 2700 points.

I like the second method for two reasons. First, it is easier on the low man. As we noticed, Neighbor was 1300 points better off by the second rule than by the first rule. My second reason has to do with strategy. When the ordinary scoring rule is followed, it is always to your advantage to score as many points as you can. If you don't happen to win, you may beat the low man badly enough to make up for what you lose to the winner.

When the other scoring method is used, however, you want to win the game and you are not a bit interested in being second. Hence, you are willing to cooperate with the low man while the game is in progress. You try to stop the leader even if that means scoring fewer points yourself on that particular hand.

Meanwhile, the low man has an interest in cooperating with you. If the game can be prolonged, each of you has a chance to improve his position.

The result is that unspoken

The dinner meeting at the Valley Hunt Club, Lewis Run, six miles south of Bradford on U. S. route 219, will begin at 6:30 p. m. Following the dinner Dr. L. L. partnerships arise during a game and flourish until the score shows a new leader. Then a new partnership develops. This sort of game has more interest than the game in which everybody is pulling at the heels of the man above him and stamping on the face of the man below.

## 'Thou Shalt Not Kill'

BY WILLIAM E. GILROY, D. D.

THE Commandment, "Thou shalt not kill," the sixth in the Hebrew Decalogue (Exodus 20), stands as an admonition to mankind against age-long killings upon a vast scale.

Unfortunately, there is a discrepancy between the Commandment and the grim and terrible facts of the destruction of human life becomes all the more emphasized, when one considers the teaching of Jesus, not only concerning life and love, but enjoining even love for enemies.

In relation to this tragic and perplexing situation a correspondent in Wisconsin has sent me the following letter:

"May I have the truth concerning the teachings of the Bible in regard to our government's orders. In the armed services you are ordered to kill the enemy. The Bible tells us in Exodus 20, 'Thou shalt not kill.'"

Which is to be feared and respected, God in heaven, or the bayonets and rifles at your back? "With both sides praying to God for counsel and guidance, how sad and confused warfare is."

I believe our men in government situations have no fear of God. Otherwise they would be honest in dealings and speak the truth. They are leading our nation to its downfall morally and economically. Then, at its downfall, the good must suffer with the evil ones.

"Why must this be? Why must the good suffer with the bad. May I have your God-guided reply?"

elders, Dr. Steen, or call the church office. Church school will convene at 10:15 and the nursery will be held in the kindergarten department during the morning service. This was my reply:

"I would call your attention to Numbers 31, and especially to Deuteronomy 23:4, in which you will see that Moses did not regard the Commandment as absolute against every circumstance; though I hope that neither you nor I would justify such wholesale slaughter of women and 'little ones' because it is 'in the Bible.'"

There are two sorts of people: The one sort, typified by the good American citizen, and the principles of American democracy, believe in a society of law and order, in which men live peaceably with one another, respecting one another's rights and liberties; the other sort, typified by gangsters and aggressors, are willing and eager to kill and destroy, if they can thereby serve their own ends.

"For the former sort to do nothing to prevent killing and destruction would be, in my judgment, not to follow the spirit of the teaching of Jesus, but to make themselves accessories to the crimes of others."

"Should the guards who shot and killed the would-be assassin of President Truman have obeyed the Commandment, allowing that man to go ahead and kill? Or were they really obeying the spirit of the Commandment?"

"In that incident, I believe, you have the answer to the whole question. I do not believe that either in its government or its people the U. S. A. wants war or killing. We are not a perfect people, but the whole purpose of this nation is to prevent war and killing."

mony in which Roy Krebs, president of the board of trustees, will participate with the pastor and the congregation. # Meeting Monday To Discuss Checker & Chess Organization

A meeting of chess and checker players has been called for Monday at 7:30 at the YMCA to meet other players and to discuss the organization of a Chess & Checker Club for Warren and vicinity.

The leaders of the now inactive Marcus Naylor Chess Club under the last president of that club, Rex Biekarcik will attend this meeting together with a group of checker players led by Frank M. Geer, of North Warren, so there will be plenty of good opposition for any new chess or checker players who are at the YMCA this coming Monday evening.

Tables and boards will be available for all who want to play, and the discussion of organizing a club will follow the games.

For information regarding this meeting call Dan. Walton, at the YMCA.

## Rent News From Housing Expediter

Question: "I have never had an increase in rent since rent control started. What do I have to do to get more money?"

Answer: Assuming that essential required services are being maintained, it is probable that you are now entitled to the 15% rent increase established through the Erie County Rent Advisory Board. The easiest method would be to file the simplified petition form by which you request a 15% increase in rent to compensate for increased cost of taxes and maintenance. Only four simple items need to be completed on the form other than the landlord's signature. However, if there has been a major capital improvement, an increase in services or equipment provided, or increase in occupancy above normal occupancy for the unit, or the rent was lower than the general run of similar units on the freeze data, we then advise you to confer with one of our Rent Consultants who will go over your case with you and prepare the necessary petition forms for your signature.

Question: "I moved into the house I am living in November, 1948, and have paid a rent of \$80 per month since then. The house had been owner occupied for approximately ten years before I moved into it. Is this house under control? I feel I am paying too much rent but I have been under the impression that this property was decontrolled."

Answer: This house is definitely under rent control since April 1, 1949, and should be registered by the landlord. Between July 1, 1947 and April 1, 1949 this unit was not under rent control because during that period Congress provided that any dwelling unit which had been owner occupied or vacant for 24 consecutive months between February 1, 1945 and March 30, 1948 was decontrolled. Congress brought units of this type back under control as of April 1, 1949.

Question: "I have been considering modernizing the kitchens of several apartment I own. I don't like to make the expenditure involved, without having some idea of what increased rent I can get. Do I have to wait until the work is completed before I will know the increase the Rent Office will give me?"

Answer: Write the Rent Office a letter requesting that we give you a prior estimate on what increase we will grant if the work is completed. Be certain to give us a detailed statement of what work you

The program for the day included a vocal selection by Mrs. Emil Nelson and an Epiphany article by Mrs. Carl Benson, with a short meditation by the Rev. Hans Pearson. Refreshments were served in the late afternoon.

# announcing THE new Plymouth "Safety-Flow Ride"

WITH THE SPECTACULAR NEW

## NEW OUTSIDE! NEW INSIDE! INTRODUCING AN ENTIRELY NEW EXPERIENCE IN RIDING AND DRIVING EASE

With brilliant new styling inside and out, the sparkling New Plymouth is here. And with this big, beautiful car comes a wonderful new motor experience — the sensational new "Safety-Flow Ride."

It makes no difference how chewed up or humpbacked the highway. The New Plymouth floats over the big bumps and deep pits. Engineers have made a new use of hydraulics to give you stability and roadability never

before offered in any car. New shock absorbers work in harmony with shockproof steering, synchronized springing, balanced weight distribution and other Plymouth advances.

The result is a safer ride. You drive tension-free and relaxed. You never have to worry about bouncing your passengers. Your car is easy to hold straight on its course at all times. Instead of looking at the road immediately ahead, you can devote

more attention to oncoming traffic and approaching intersections.

Your Plymouth dealer welcomes the chance to arrange a demonstration. From its graceful new grille to its gleaming new rear bumper, the New Plymouth will show you quality features and luxurious appointments never before attained in the lowest-priced field. And you'll find the greatest value of all in this greatest of all Plymouths!

plan on doing and the estimated expense. We will promptly give you a written prior opinion as to the increase that will be granted if the work is completed in accordance with the prior opinion. After you receive our prior opinion you will be in a position to determine whether you wish to make the improvement.

Question: "My lease expires on April 1 and I have been notified by my landlord that he will not renew my lease. Does this mean that I will have to move on April 1?"

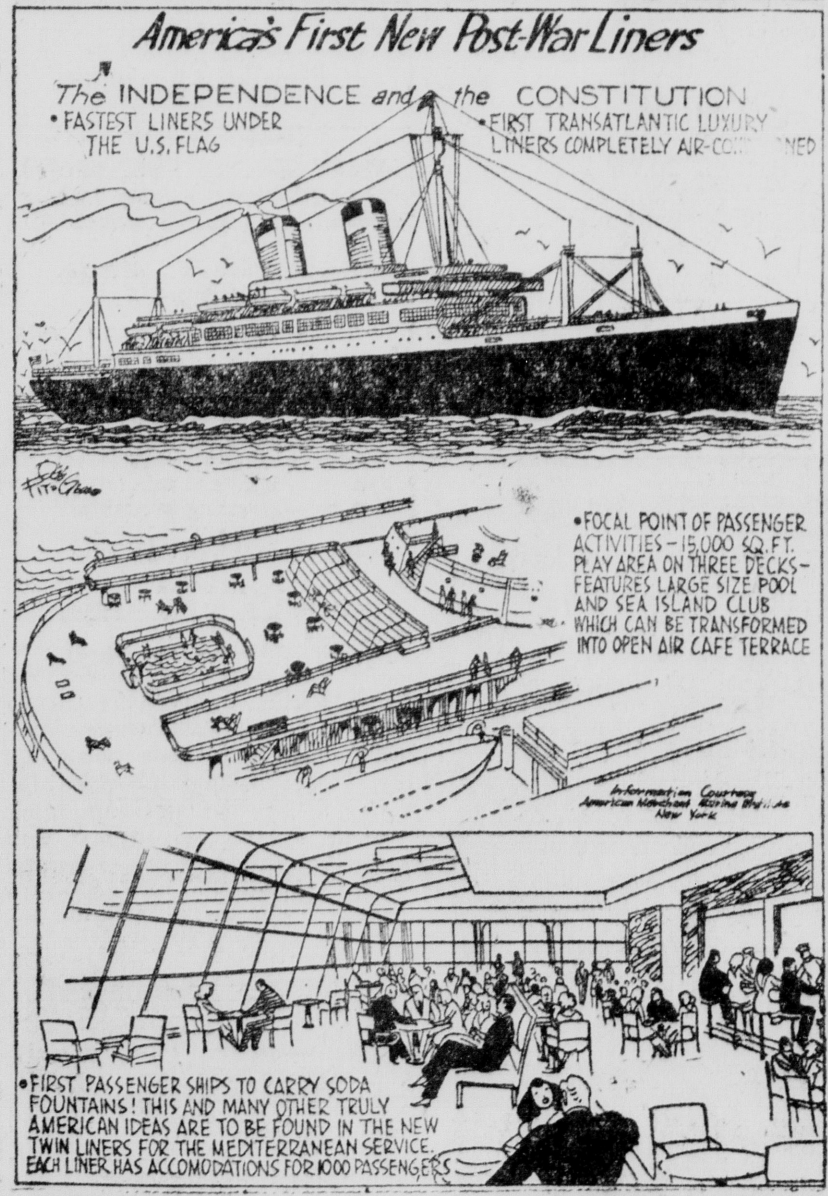

Answer: No! You do not have to move on April 1 merely because your lease expires. The expiration of a lease is not one of the grounds in the Rent Regulations which permit a landlord to evict a tenant.

**HOME BUILDING BOOM PASSES PEAK**—Despite a sharp cutback in building beginning in September, the year 1950 was the biggest construction year on record. Actually, more new homes were started in the first ten months of the year than in any other full year on record. The News chart, above, based on National Industrial Conference Board data, gives the home building picture from 1920 to 1950, with an inset chart showing the trend toward government financing of new homes. Currently the building industry faces a period of uncertainty caused by tightening of mortgage credit, materials shortages and uncertainties growing out of the Korean war and the rearmament program.

## Youngsville Advances Into 2nd Place, N.P.C. Beats Ramblers

The Youngsville Merchants moved into second place in the Y City League last night, when they nosed out Smith and Lawton Atlantic, 42-39. A twin scoring combination of Jack and Bill Pollard, with 12 and 10 points respectively, paced the Merchants in their last period triumph.

At the end of the first half Youngsville held a three point margin, but lost it in the third quarter as the Atlantic five tied the game up, 31-31. However, a 11-8 final margin provided the necessary difference. Paul Smith, Atlantic, led his team and took free honors, popping nine and one free throw for 19 points. Bill Weldert followed up with 10 for the losers on five FG's.

### Letters to the Editor

Letters to The Editor,  
Warren Times-Mirror

Dear Sports Editor,

As long as there have been two letters written in connection with Monday night's basketball game at the "Y," I may as well make it three, especially in view of the letter that appears in tonight's paper.

Just because the Style Shop has a towering center and a host of other stars doesn't mean that a referee can't take advantage of them. After all, the referee does have complete control of the officiating. And just because Bradford's "Y" League doesn't have any referee doesn't compensate for the robbing that the Style Shop got Monday night. The fact that Bradford doesn't have officials in its league is a detriment to Bradford, not a compliment to Warren.

As far as Monday's game is concerned, it's water over the dam. The record books show that the Rockets won officially, but when the season is over, the Style Shop will be City Champs just the same.

Another Fan.

The New Process accounted for a second exciting win in last night's competition, dumping the Ramblers, 52-38. It was only the second win of the season for the NPC boys, but it evened them with the Ramblers in the bottom section of the standings.

Don Baldensperger, "Tubbs" Connor and Blaine Jones led the victor's attack with 15, 13 and 10 points, while Jim Peterson was top man in the game for the Ramblers, with 17.

## ★ THE SCOREBOARD ★ Champ Jockey Walter Miller Was 'The Daddy of 'Em All'

BY HARRY GRATSON  
NEA Sports Editor

NEW YORK—(NEA)—As Joe Culmone and Willie Shoemaker lashed themselves through the stretch in their spectacular duel for the riding championship, the name of Walter Miller kept popping up.

Culmone and Shoemaker tied Miller's all-time record, 388 winners, established in 1906, but the feats are not comparable. Miller had 1384 mounts to 1674 for Culmone, 1634 for Shoemaker. There were only six races in Miller's day, and in most cases one was a steeplechase. Winter racing was negligible. Miller was limited to a seven-month season. Culmone and Shoemaker even rode on Sunday.

Miller rode in all the great stakes, in competition where Culmone and Shoemaker wouldn't be given a mount. Miller tackled and licked what many old-timers consider the greatest collection of riders the turf has ever known. Joe Notter, Carroll Schilling, Willie Knapp, Vincent Powers, Eddie Duggan, Winnie O'Connor, Herman Radtke, D. Nicol, Tommy Burns and E. Hildebrand were then among the extraordinary jockeys.

Not a few who saw Miller rate him the daddy of them all. "Only Ted Sloan could be compared with him at the barrier and finish," says James A. McDonald, who was a New York racing writer when Miller was booting them down in front.

MILLER, a tall, thin, dark-eyed Jewish boy out of Brooklyn, was the ace reinsman of the fabulous James R. Keene, who with his son, Foxhall, dominated the American racing scene from 1905 through '08. The Keenes of New York and famed Castleton Farm, hard by Lexington, mopped up to the same extent as the Ramocas Stable did when Sam Hildreth teamed with Harry F. Sinclair in '21-'22-'23.

The starting gate was unknown in Miller's day. A web, or rubber band about a foot and a half in width, was stretched across the track. Horses were walked up to it. Miller relaxed when he saw there was no chance for a break, but when the field was about in a straight line he had his horse wide awake, got a step the best of it more often than not.

"He was a hard-bitten little fellow," recalls Jim McDonald, who still writes of racing. "He looked other jocks with his fists, cowed them. They were scared to death of him."

Growing too heavy to ride, Miller played baseball briefly with the Oakland club of the Pacific Coast League. He was an outfielder and a good hitter.

Returning to New York, Miller, now in his 60's, peddled racing tips under the name of Masked Jockey until three years ago.

A progressive ailment, reportedly caused by a fall in Germany, made him a psychiatric case, and he is now in a New York sanitarium.

NEW YORK—(NEA)—Delvin Miller monopolized driving honors in almost every department during another zooming harness-racing year.

Del Miller, 37-year-old Meadow Lands, Pa., reinsman, won \$311,809, far more than any other sulky jockey has earned in a season.

Only 30-year-old John Simpson exceeded him in heats, or races won, 111 to 105.

Miller knocked off all four major colt stakes, a Grand Slam comparable to the one executed in golf by the matchless Bobby Jones in 1930.

Piloting his own horses, and those of W. N. Reynolds, the tobacco tycoon, and for William R. and Eugene J. Hayes' richly-stocked Fair Acres Stable of DuQuoin, Ill., Miller romped home first in each of the Grand Circuit features for two and three-year-old trotters and pacers.

He won the \$75,209 Hambletonian at Goshen, N. Y., the richest harness race ever run, with Lusty Song.

He accounted for the \$56,000 Little Brown Jug at Delaware, O., with Dudley Hanover to look after the three-year-old division.

He wrapped up the two-year-old section winning the \$41,000 Horseman Stake with Mighty Fine and the \$33,000 Fox Stake with Solicitor.

MILLER, a World War II veteran, drove the two richest two-year-olds of all time, Tar Heel and Mighty Fine, posted three world records.

He guided the Hayes Fair Acres outfit to \$260,175, the most ever won in a season by a stable.

The great Goldsmith Maid's remarkable money-winning record, established way back there, finally was broken by the extraordinary trotting mare, Ralph and Gordon Verhurst's Proximity, which won \$87,175.02, the most ever earned by a standardized in a year, before she went lame in both hind legs. That swelled the eight-year-old's total to \$247,579, and made her the harness Horse-of-the-Year.

Three new major tracks opened, the Yonkers, N. Y., the Baltimore and Detroit's Wolverine Raceways.

Yonkers handled \$1,078,193 on the night of May 20, a world record. \$50,248,439 in 73 evenings. Roosevelt Raceway on Long Island handled \$58,879,743 in 106 nights. Baltimore Raceway set a Maryland record.

Nationally, there was a total purse distribution of \$11,527,711.94.

## Johnstown Cager Dies In Accident And Team Disbands

Johnstown, Jan. 11—(P)—An auto crash on the Lincoln highway killed a professional basketball player and resulted in the disbandment of his team in the All-American Basketball League.

Killed in the crash about five miles west of Ligonier yesterday was George (Chuck) Karmarkovich, 22, former Waynesburg College floor star. He was center and captain of the Johnstown Clippers.

Owners of the team announced the Clippers will be disbanded and withdrawn from the league as a result of the tragedy and of recent financial losses.

Four other team members suffered minor injuries.

Karmarkovich, a native of Franklin in Cambria county, left Waynesburg before his graduation to play for the Clippers.

He made the All-State Collegiate team in the seasons ending in 1948, 1949 and 1950. He scored 1,122 points in the three years and got 475 of them in the 1948-49 season. Both marks are all-time school records.

Young Schulz annexed two good scores last week, with a 47 out of 50 prone in a YMCA Rifle Club match at the Armory range and repeated with the same score in sitting position in the Beauty Club's weekly contest.

Fired in competition with junior clubs from all over the United States, the Beauty Club's scores already posted for this year are as follows: November—495 out of 500 for the first team; 553 for the second team; December—456 out of 500 for the first team; 381 for the second. January and February scores are yet to be added to this year's national competition total.

"If Jimmy Braddock was able to do it and if Joe Walcott was able to come close, then maybe I can do it," is the way the 34-year old Oma sized up the situation.

But it looks like a case of "too little and too late" for the clowning Buffalo challenger. The coldly efficient champion, risking his prize bauble for the sixth time, should chop down Lee somewhere between the eighth and 12th rounds.

Despite the light betting, interest in the scrap has picked up considerably and choice ringside seats are selling at a premium. A crowd

## Charles Reported In Good Shape For Title Bout Tonight

New York, Jan. 12—(AP)—Heavyweight Champion Ezzard Charles, as trim and sharp as a razor, plans to ruin Playboy Lee Oma's Cinderella ambitions well before the gong sounds for round fifteen in their title bout tonight in Madison Square Garden.

"If Jimmy Braddock was able to do it and if Joe Walcott was able to come close, then maybe I can do it," is the way the 34-year old Oma sized up the situation.

## Warren Freshman Shoots 99 Score In Rifle Match

Beaty Junior High School Rifle Club's chances in the January postal matches of the National Rifle Association were given a boost Thursday afternoon, when Dick Schuler, member of the freshmen class, turned in a neat 99 out of a possible 100.

E. Ross Carlson, instructor, reports this is the first 99 fired locally in a national match, although Don Wester hit the same total last year in a regional shoot at Wellsville, N. Y. Such scores come rarely in junior competition, Mr. Carlson states.

Young Schulz annexed two good scores last week, with a 47 out of 50 prone in a YMCA Rifle Club match at the Armory range and repeated with the same score in sitting position in the Beauty Club's weekly contest.

January and February scores are yet to be added to this year's national competition total.

There will be other speakers and entertainment besides the football movies and the talk to be given by Coach "Rip" Engle. Further details of the interesting program will be made available next week.

In the meantime all Sports Boosters and fans are urged to avail themselves of the opportunity to buy tickets now—before the expected limit of 200 is reached.

## Sports Boosters To Hold Dinner For Lettermen

Warren Sports Boosters are planning a gala evening for January 31st when they will play host to lettermen and Seniors of W. H. S. who participated in football and basketball, at the annual Sports Boosters dinner. The affair will be held at the Marconi Outing Club. Dinner will be served at 6:30 and the program will follow.

The principal speaker will be Charles A. "Rip" Engle, head football coach at Penn State. "Rip" Engle came to State College just a year ago after a successful period of coaching at Brown University. He had a successful first year and has the makings of a good squad for 1951. Two of the most promising men are former Warren High School athletes, "Ted" Shattuck, who will be in his junior year, and Keith Vesling who will be a sophomore member of the team. Both these ex-Warren luminaries will be in attendance at the Sports Boosters dinner on the 31st.

Tickets for the dinner are on sale by a committee of ten Sports Boosters headed by Myer A. Kornreich and Creed A. Erickson. Other members of the committee who have tickets for sale are: Ray J. Reed, president of the Sports Boosters, "Steve" Tritt, general chairman of the dinner, and Ruel Smith, William Rice, Richard Schuler, T. K. Creal, "Ted" Berdine and Donald E. McComas. They may also be purchased at the B & B and United Cigar Store.

Tickets for the dinner are priced at \$2.00 and should be purchased promptly so the committee in charge will know how many will be present that evening.

Some 50 members of the Warren High School squads will be present, along with members of the faculty, as guests of the Sports Boosters on the night of January 31st.

The guests are: Roger Babcock, Robert Benson, John Berardi, Louis Berardi, Mark Bevevino, Dennis Bonnac, Richard Campbell, Charles Conaway, Jack Cropp and Dale Dremann. Also Robert Barnes, Robert Foley, Regis Geitner, Paul Gordon, Jerry Gray, Melvin Grosh, Robert Hampton, Dennis Hedges, Alfred Heubach and Charles Irvin. Others in the group of guests will be Dan Jackson, Robert Laufferburger, Hugh Lauffer, Marcus Mickelson, Ben Patrick, John Pellegrino, Robert Pratz, Charles Reese, Richard Rutledge and George Scallise. Like-wise Edward Shanshala, Paul Shattuck, John Shea, Don Shriver, James Sigworth, James Stevenson, "Tommy" Thompson, Dean Vesling and Lee Wiedmaier.

From the faculty there will be: Carl E. Whipple, Gerald M. Newton, Floyd Bathurst, H. D. Harris, Robert R. Young, Harry A. Summers, Loyal Briggs, Harry Hutchings, Robert Jewell, J. B. Leidig, Joseph Massa, Joseph V. Passaro and William Oelslager.

There will be other speakers and entertainment besides the football movies and the talk to be given by Coach "Rip" Engle. Further details of the interesting program will be made available next week.

In the meantime all Sports Boosters and fans are urged to avail themselves of the opportunity to buy tickets now—before the expected limit of 200 is reached.

**WHY YOU SHOULD OWN INVESTMENT SHARES??**

Well managed Mutual Investment Funds holding a good amount of common stocks should help you meet the rise in living costs. If living costs should continue to rise, you will probably need a larger "nest egg" when you retire. While stocks and dividends may sometimes decline in the face of rising living costs for short periods, the long term-trend of both living costs and high-grade stocks in this country has been upward for the past 50 years.

When you own Mutual Investment Funds you have, in effect, a personal investment account for yourself and family under experienced management. Such full-time supervision should give you better long-term results for your money than if you selected a few individual securities. Mutual Investment Funds can help you accumulate a "nest egg" for a "rainy day" or for your old age.

Visit our offices... call or ask for information regarding Mutual Investment Funds... no obligation.
